Amber Alert

29-15A

The AMBER Alert™ Program is a voluntary partnership between law-enforcement agencies, broadcasters, transportation agencies, and the wireless industry, to activate an urgent bulletin in the most serious child-abduction cases. The goal of an AMBER Alert is to instantly galvanize the entire community to assist in the search for and the safe recovery of the child.

Amber Alert

29-15A

Birth of the Amber Alert Program

<b>Performance Objectives And Instructional Cues</b>	<b>OUTLINE AND PRESENTATION</b>
--	---------------------------------

January 13, 1996 in Arlington, TX  
 9 y/o Amber Hagerman abducted by unknown male  
 Amber's body was found 4 days later in a creek 3.2 miles from her home  
 Plan developed to use existing EAS system for quick release of info to public

Amber Alert

29-15A

Review current law/criteria

A child under the age of 18 has been abducted by an unrelated person

The child is in imminent danger of serious bodily harm or death; and

There is specific information available about the child or the child's abductor that may assist in an expedient and successful end to the abduction

- Proposed legislation
  - A child under the age of 18 has been abducted
  - The child is believed to be in imminent danger of serious bodily harm or death; and
  - There is specific information available about the child or the child's abductor that may assist in an expedient and successful end to the abduction

Amber Alert

29-15A

2010 Amber Alert Stats

Amber Alerts activated for 211 children: 173 nation wide (1 in New Mexico)
